

Exact square control at gate

Product Info.

Item No.:

Model:JS641

Specification:Stick the pack type exact square

Brand:Control at gate series

Description:Use the Mifare-1 not the get in touch with type IC card cruises to even order and can use to jump the silk machine can establish (0-255)

Can then the machine of join supervises and control, also can take off the machine circulate the whole distance records the personnel brushes the card cruises to even record

It is on-line to supervise and control an appearance for having a little can practice with other firefight system to connect to move to report to the police

Brush the card the valid hour output the high electricity is even, waiting for have no the exportation.

Brushing the hour of invalid card reports to the police, and have no to open the lock exportation.

There is a examination signal connecting

The internal electric circuit has solid always the clock, tiny controller, the card of IC reads and write, the power supply electric circuit, control outputs, the appearance outputs, 485 communications connects etc.

Power supply electric voltage: AC12V, 50 Hzs

Work environment temperature:-15degree~+45degree

Opposite degree of humidity in work: "Q95%
Saving temperature: -25degree +- 3degree 55degree +- 2degree
The communication connects: RS-485
The communication line is most the long pull:1200 rice
The data delivers the speed: 9600bps
Open the lock control exportation: DC12V350mA
Open to lock the signal keeps 2 second
Read the card distance: A<L<25MM
Blacklist capacity: 40
Read and write time: <0.2S
Biggest record capacity: 2032

Sales Information:Be applicable to the small area in intelligence, replace completely old style machine electricity control at gate system, more safe, economy with convenience, for example: Peking City industry and business administration management bureau, Shen zhen City ten thousand section city flower market park, the broadcasting station of Shen zhen, Shen zhen deep blue coast garden, Shen zhen City is high to hand over the beautiful coast in guild, Guangzhou garden
